Please note:

Funding for service provision by outside providers should not include DECD funds from a child's Disability Level of Support or from another DECD resource such as RAAP, Disabilities Supplementary Funding, Challenging Behaviours, or behaviour funds. These funds are allocated to support the school to engage the child successfully with the curriculum, or to meet specific learning and behaviour goals, and should not be diverted from this purpose.

Interventions provided by non DECD providers should not disadvantage a child's learning by reducing their access time to all areas of the curriculum. Kilparrin School meets the prescribed 1600 minutes of curriculum instruction per week.

DECD is developing a policy on managing the work of private providers in schools and pre-schools and so this policy will be informed by the DECD policy when published.
